

# Steam-Driven Nozzles

JOKIJet®

■ Innovative pneumatic nozzles using steam instead of compressed air to produce semi-fine atomization.

## APPLICATIONS

- Cooling: Gas
- Moisture control: Flue gas, paper, cardboard
- Chemical reaction: Denitration

| 8                          | Liquid socket   | S304               |     |                 |                                |

## DIMENSIONS

| Spray capacity code | Free passage diameter (mm) |        |
|---------------------|----------------------------|--------|
|                     | Steam                      | Liquid |
| 15                  | 1.1                        | 1.1    |
| 37                  | 1.7                        | 1.6    |
| 75                  | 2.6                        | 3.1    |
| 150                 | 4.1                        | 4.2    |

## TYPE OF LENGTH

| Type | Total length L1 (mm) | Length L2 (mm) | Mass* (kg) |
|------|----------------------|----------------|------------|
| A    | 720                  | 300–400        | 6.0        |
| B    | 920                  | 400–600        | 7.2        |
| C    | 1,120                | 600–800        | 8.3        |
| D    | 1,320                | 800–1,000      | 9.4        |

\*Mass of flange is not included.

# Steam-Driven Nozzles

## JOKIJet® series

### FLOW-RATE DIAGRAMS

#### ■ How to read the chart

1. The spray capacity shown is for one nozzle.
2. Red lines (—) represent steam pressures  $P_s$  in MPa.
3. Blue lines (—) represent liquid pressures  $P_w$  in MPa.
3. Figures in ovals (○) indicate Sauter mean diameters ( $\mu\text{m}$ ) measured by the immersion sampling method.  
(See pages 6–7 for comparison with laser Doppler method.)

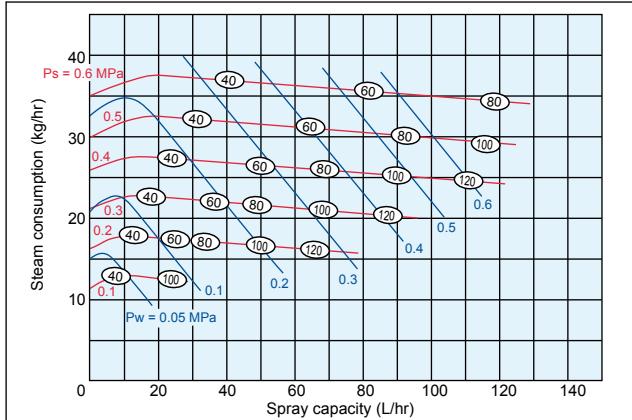

Note: Data shown in the diagrams are based on saturated steam and estimated values.

#### Note for spray control

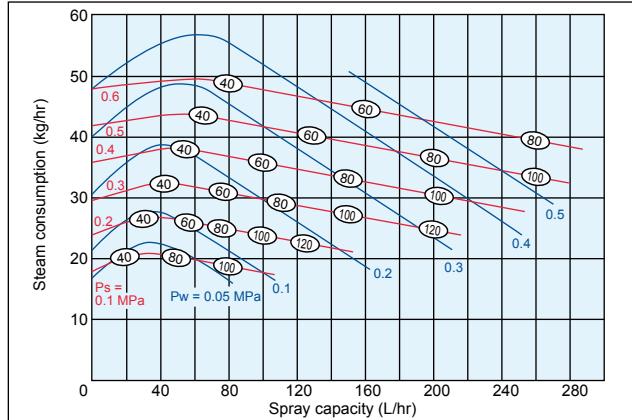

To control the spray out of the JOKIJet® nozzles, control by steam pressure and spray capacity is recommended. Attempts to control the spray by controlling the steam pressure and liquid pressure may not allow stable spray control.

For more details on JOKIJet® spray control, please contact a sales representative.
